Senate Bill 706

(Senator Zucker, *et al.*)

Budget and Taxation

Ways and Means

Gaming - Problem Gambling - Prevalence Study and Fund Revenue

This bill requires a percentage of fantasy competition and sports wagering revenues to be deposited into the Problem Gambling Fund. The bill specifies that the prevalence study and replication prevalence studies that the Secretary of Health must conduct under current law are for problem and pathological *in-person* gambling in the State, and the bill requires an additional study and replication studies on problem and pathological mobile gambling with the first study being completed by July 1, 2030, and subsequent replication prevalence studies conducted at least every five years. By November 1, 2026, and annually thereafter, the Secretary of Health must submit a report to the General Assembly on how funds in the Problem Gambling Fund have been expended on problem gambling treatment and prevention programs. **The bill takes effect July 1, 2025.**

Fiscal Summary

State Effect: Special fund revenues and expenditures for the Problem Gambling Fund increase by at least \$6.6 million annually beginning in FY 2026.

(\$ in millions)	FY 2026	FY 2027	FY 2028	FY 2029	FY 2030
SF Revenue	\$6.6	\$6.7	\$6.8	\$6.9	\$7.0
SF Expenditure	\$6.6	\$6.7	\$6.8	\$6.9	\$7.0
Net Effect	\$0.0	\$0.0	\$0.0	\$0.0	\$0.0

Note:() = decrease; GF = general funds; FF = federal funds; SF = special funds; - = indeterminate increase; (-) = indeterminate decrease

Local Effect: None. State aid to public schools is not affected.

Small Business Effect: Potential meaningful.

Analysis

Bill Summary: Fantasy competition operators and sports wagering licensees each retain 84%, instead of 85%, of their respective proceeds. Under current law, the Blueprint for Maryland's Future Fund (BMFF) receives the remaining 15% of proceeds; the bill alters this so that of the remaining proceeds, 93.75% is distributed to the BMFF and 6.25% is distributed to the Problem Gambling Fund. This equates to the BMFF continuing to receive 15% of proceeds from fantasy competitions and sports wagering, and the Problem Gambling Fund receiving 1% of proceeds.

Current Law:

Problem Gambling

Video lottery operation licensees must pay an annual fee of \$425 per video lottery terminal for a Problem Gambling Fund administered by the Maryland Department of Health (MDH), and the State Lottery and Gaming Control Commission (SLGCC) has established an annual fee of \$500 per table game for the Problem Gambling Fund. The Problem Gambling Fund is used to fund programs to treat and prevent gambling addiction. After satisfying specified requirements, any unspent funds in the Problem Gambling Fund may be expended by MDH on drug and other addiction treatment services.

MDH is required to conduct a problem and pathological gambling prevalence study to measure the rate of problem and pathological gambling in the State. Replication prevalence studies must be conducted at least every five years with measures taken to permit comparisons between the initial prevalence study and subsequent replication prevalence studies.

Sports Wagering Proceeds

Sports wagering facility licensees and mobile sports wagering licensees retain 85% of proceeds from sports wagering. The remainder of the proceeds must be transferred monthly to the State Lottery Fund and, in turn, distributed on a monthly basis to the BMFF. Any winnings on a sports event not claimed within 182 days after the wager is won revert to the Problem Gambling Fund.

Fantasy Competition Proceeds

A fantasy competition operator retains 85% of its proceeds and must pay the remaining 15% to SLGCC, which must distribute these funds to the BMFF.

Appendix – Maryland Gaming provides the status of gaming in Maryland as of December 2024.

State Fiscal Effect: Based upon December 2024 projections of sports wagering revenues, special fund revenues to the Problem Gambling Fund increase by at least \$6.6 million annually beginning in fiscal 2026, as shown in **Exhibit 1**. Special fund expenditures from the Problem Gambling Fund increase correspondingly for prevalence studies and to fund programs to treat and prevent gambling addiction. MDH can likely report on how funds in the Problem Gambling Fund have been expended on problem gambling treatment and prevention programs with existing resources.

Exhibit 1

(\$ in Millions)

	<u>FY 2026</u>	<u>FY 2027</u>	<u>FY 2028</u>	<u>FY 2029</u>	<u>FY 2030</u>
Sports Wagering Revenue – Retail	\$0.1	\$0.1	\$0.1	\$0.1	\$0.1
Sports Wagering Revenue – Mobile	6.4	6.5	6.6	6.7	6.8
Fantasy Competition	0.1	0.1	0.1	0.1	0.1
Problem Gambling Fund	\$6.6	\$6.7	\$6.8	\$6.9	\$7.0

Source: Department of Legislative Services

Small Business Effect: Small businesses that are sports wagering licensees or fantasy competition operators must pay an additional percentage point of proceeds to the State.

Additional Comments: House Bill 352 and Senate Bill 321 of 2025 (Budget Reconciliation and Financing Act) propose to increase the mobile sports wagering tax rate, which would impact this bill.

Chapter 492 of 2020, a constitutional amendment approved by the voters at the November 2020 general election, authorized sports and event wagering, contingent upon implementation legislation passed by the General Assembly. Chapter 356 of 2021 implemented sports wagering in the State and provides for regulation of sports wagering and fantasy gaming competitions. Licensees receive 85% of proceeds from sports wagering and fantasy gaming and the State receives 15%, as well as license fee revenues. State revenues from sports wagering and fantasy gaming and their distributions in fiscal 2026 through 2030 are shown in **Exhibit 3**.
